Professional Experience

Telecom – Remote   Jul 2022 - Present
Full Stack Developer
Skills: JavaScript, TypeScript, React, Next, Node, NestJs, Redis, AWS, Docker, AEM, SASS

- Collaborated with business initiatives to acquire new customers and promote Telecom's products and services.
- Developed landing pages and campaigns for events such as Hot Sale and Cyber Monday.

Technisys – Remote   Mar 2021 - Jul 2022
Front End Developer
Skills: React, JavaScript, Redux, Redux Saga, SASS, Storybook, Node

- Influenced the design and implementation of the home banking for the Banco Provincia de Buenos Aires from the project's inception. Shaped core home banking features like login, registration, investments and payments.
- Made contributions to the architecture and development approach of the application, including state management, testing, design system, cross-platform web building, code style, and other areas.
- Provided mentorship and guidance to less experienced team members or new team members.

Poder Judicial de la Provincia de Tierra del Fuego – Ushuaia, Argentina   Jul 2020 - Mar 2021
Full Stack Developer
Skills: PHP, Laravel, SQL, Node, Javascript, Vue, SASS

- Implemented features to optimize the interaction of parties in judicial cases, reducing the need for in-person court attendance.
- Developed an internal reporting system generating historical court data for judges. This empowers them to manage workload and make strategic decisions based on case volume trends.
